Teaser	The pilot exams consist of a theoretical and a practical part.
Volltext	The theoretical examination comprises the subjects of aviation law, human performance, meteorology, communication, the basics of flying, operating procedures, flight performance and flight planning, general aircraft knowledge and navigation. It is deemed to have been passed if 75% of the achievable points are achieved. In the practical flight test, the applicant must demonstrate during a flight under the supervision of an examiner that he has acquired the theoretical and practical knowledge and skills for the safe operation of the aircraft and can apply these correctly under normal and special conditions.
Erforderliche Unterlagen	
Voraussetzungen	Theoretical examination • Completion of the theoretical training

Modul	Sachverhalt
	• Recommendation for examination and registration by the flight school Practical examination • Passed theoretical examination • Completion of the practical training • Recommendation for examination and registration by the flight school
Kosten	• Fee for checking the documents to be submitted when registering for training: EUR 120 • Theory test: approx. 65 - 130 EUR • Practical examination: approx. 40 - 100 EUR (excluding flight costs)
Verfahrensablauf	
Bearbeitungsdauer	
Frist	Private pilots, glider pilots and balloon pilots must pass the practical test within two years of passing the theory test.
