Teaser	If you want to organize commercial games with the possibility of winning (e.g. games of skill), you need a permit from the competent authority.
Volltext	<p>Anyone wishing to organize another game with the possibility of winning on a commercial basis requires a permit from the competent authority. Another game" primarily refers to games of skill.</p> <p>A game of skill is deemed to exist if the player can determine the outcome of the game with a high degree of probability through skill or their own knowledge according to the game equipment and the rules of the game. In contrast, in games of chance, the decision on winning and losing is predominantly determined by chance.</p> <p>The permit does not entitle you to organize games of chance in general, but only relates to a specific event. The permit is tied to the person and the venue.</p> <p>Permission can be granted to natural and legal persons. In the case of partnerships without legal personality (e.g. OHG, KG), a permit is required for each managing partner; this also applies to limited partners if they have management authority and are therefore to be regarded as traders. In the case of legal entities (e.g. GmbH, AG), the permit is issued to the legal entity.</p> <p>There are also games with the possibility of winning for</p>
