Sachverhalt

- commercial display of animals,
- commercial pest control of vertebrates.

The granting of an animal welfare permit is a prerequisite for operating a facility requiring a permit or starting an activity requiring a permit. It is therefore of a preventative nature to protect the animals concerned.

Depending on the circumstances, further permits may be required, e.g. approval as an animal transporter or livestock dealer, building permit(s), approval of animal experiments (issued by the governments of Upper Bavaria and Lower Franconia), species protection permits; it is therefore advisable to enquire with the competent district administrative authority.
