Sachverhalt

required knowledge and skills (part of the special requirements) is provided as part of an examination by the examination board set up at the Bavarian State Ministry of Housing, Building and Transport. Applicants may be required to provide written and oral evidence of their knowledge. The Bavarian State Ministry for Housing, Construction and Transport maintains a list of recognized test engineers for stability.

Erforderliche Unterlagen

• Informal application with the following information:

- Field of study applied for
- Declaration whether and how often an application for recognition has already been made unsuccessfully in another country of the Federal Republic of Germany
- Location of the registered office in Bavaria
- Number of employees who are to be deployed for the examination
- Curriculum vitae with professional background
- Certificate of good conduct

Proof of application for a certificate of good conduct for submission to a public authority

- Final and employment certificates (copy)
- Information on branches
- Information on any participation in a company whose purpose is the planning and execution of construction projects.
- Information on ownership and independence
- Evidence of compliance with the specific conditions
- Chronological proof of previous engineering activity of at least ten years in tabular form with subdivision by:
 - Preparation of stability certificates,
 - comparable activities
 - Technical site management (confirmations from third parties must be submitted for the periods of technical site management)
 - List of difficult construction projects handled by the applicant
 - List of achievements as proof of above-average abilities as an engineer.
 - List of persons who can provide information on the
