Modul	Sachverhalt
Fachlich freigegeben durch	Bayerisches Landesamt für Maß und Gewicht
Handlungsgrundlage	http://www.gesetze-im-internet.de/messev/BJNR201100014BJNG001000000 http://www.gesetze-im-internet.de/messev/BJNR201100014BJNG001000000
Teaser	If you start or stop operating a public scale, you must report this.
Volltext	Anyone using a public weighing instrument must immediately notify the competent authority of the start and cessation of operation of a public weighing instrument. The operator of a public weighing instrument shall mark the public weighing instrument with a sign affixed to the outside with the clearly legible inscription: "Public weighing instrument Weighing range from ... kg to ... kg"; The word "scales" may be followed by references to the type of scales, their intended use or their owner. Anyone using a public weighing instrument must ensure that the weighing result is certified by the signature of the person who determined it. The following information must be included in the certificate: 1. the indication that the weighing is a public weighing 2. Place and date of weighing, 3. the client of the weighing, 4. the type of goods to be weighed, 5. in the case of weighing motor vehicles or trailers, the license plate number, 6. in the case of an automatic weighing instrument equipped with a totalizer,
Erforderliche Unterlagen	
Voraussetzungen	Anyone using public scales must ensure that weighing operations are 1. they are carried out conscientiously and impartially

Modul	Sachverhalt
	and 2. they are rejected if the user of the public weighing instrument, the operating personnel carrying out the weighing or one of their relatives within the meaning of Section 383(1)(1) to (3) of the Code of Civil Procedure has a direct interest in the weighing result.
Kosten	• Testing the scales without metrological testing up to EUR 66 • Testing of scales with metrological testing according to workload. • Expertise test according to time spent
