Sachverhalt

The same applies to one-day excursions and trips lasting several days for children who attend a day care center or for whom day care is provided.

Personal school supplies

Pupils receive an allowance of EUR 195 for school equipment (e.g. for school bags, sports kit and writing, arithmetic and drawing materials) in the calendar year 2025 in two installments (generally EUR 130 on 1 August and EUR 65 on 1 February). The personal school needs allowance is adjusted annually by the same percentage as the standard needs allowance.

School transport

For pupils who are dependent on school transport to attend the nearest school of their chosen course of education, the actual expenses required for this are taken into account if the transport costs are not covered elsewhere. In Bavaria, school transport may be covered by other means, in particular by the regulations on free travel to and from school (see "Related topics"). There is no provision for a regular personal contribution.

Learning support

Pupils receive appropriate learning support insofar as this supplements the school curriculum and is suitable and additionally necessary to achieve the main learning objectives. This does not necessarily require a risk of promotion. The prerequisite for this is that the school offers to be used primarily are not sufficient. The necessity of learning support can be confirmed by the school, for example.

Lunch

For each child entitled to benefits, the expenses for participation in a communal lunch at school, in a day care center or in child day care are paid. The child is not required to pay a contribution per lunch.
