| Teaser | The procurement of buses and coaches can be subsidized if they are required to maintain and improve regular services in accordance with Section 42 of the Passenger Transportation Act. |
| Volltext | <p>Purpose</p> <p>The Free State of Bavaria grants subsidies to improve local public transportation.</p> <p>Object</p> <p>Buses and coaches are subsidized if they are required to maintain and improve scheduled services in accordance with § 42 of the Passenger Transportation Act. Funding is provided for the procurement of new buses. Buses with emission-free and low-emission drives within the meaning of Section 2 Nos. 5, 6 of the Clean Vehicles Procurement Act are particularly eligible for funding.</p> <p>Eligible costs</p> <p>Funding is available for the acquisition costs, provided that the vehicles and their equipment are suitable for local public transport purposes, but not for facilities for ticket purchase and validation.</p> |

Modul

Sachverhalt

Type and amount

The funding is granted in the form of pro rata financing/capital participation. The type of funding is project funding.

The funding amounts for the individual bus categories and for the additional costs of alternative drive technologies or additional technology components are determined by the Bavarian State Ministry of Housing, Building and Transport and updated as required. For details, please refer to the "Key points for the promotion of "climate buses" within the framework of bus promotion in the Free State of Bavaria.

Erforderliche Unterlagen

- Required document/sData sheet on the vehicle inventoryOffer and confirmation from the vehicle manufacturer regarding the required equipmentStatement from the local representative(s) for the disabledProof of public transport use of the replacement vehicleCertificate from the tax office regarding the duration of the vehicle tax exemptionDeclaration on the relevance of the information to the subsidyDeclaration by the applicant that the new bus to be purchased will be used by the applicant for at least eight years or for a mileage of 500,000 km predominantly in scheduled services in accordance with § 42 PBefG in Bavaria

Voraussetzungen

The applicant must operate scheduled public transport services in accordance with Section 42 PBefG as a concessionaire, operator or contractor predominantly in Bavaria.

The applicant must provide credible evidence that it intends to use the new buses to be purchased for at least eight years or for a mileage of 500,000 km for the purpose of the grant.

The subsidized buses must take into account the needs of people with disabilities or mobility impairments and the buses must meet the requirements for upgrading with WLAN.

Public and private transport companies are eligible to
