| Volltext                   | Lessons at the college mainly take place between 8 a.m. and 1 p.m.; it is not possible to work on a regular basis. Funding through Bafög is generally possible if the relevant requirements are met. There are different language sequences. The choice of subjects and teaching methods take into account the previous education, maturity and professional experience of the adult students. In the preliminary course and in Year I, lessons are taught according to a fixed timetable. In years II and III, lessons are largely taught according to the system of the qualification phase of the upper secondary school.                                                                                                                                                        |
