Sachverhalt

In the case of measures under no. 2, the costs of necessary repairs can also be funded. The land and residual value of buildings already owned by the municipality are not eligible for funding. In the case of measures under no. 4, the necessary costs and fees are eligible for funding.

Type and amount

The funding is granted as a credit/loan.

- The grant for measures under Nos. 1 to 3 is provided as project funding for the overall measure by way of pro rata financing in the form of a grant of up to 30% of the total eligible costs and a low-interest capital market loan from Bayerische Landesbodenkreditanstalt of up to 60% of the total eligible costs.
- In the case of building alterations, extensions and modernizations, the grant can be increased by up to 40% of the total eligible costs.
- If at least 60% of the subsidized residential units are intended for professionals in the public service sector or to attract such professionals, the subsidy can be increased by up to 5 percentage points.
- The grant can also be applied for without the loan.
- In the case of funding for the acquisition of land in accordance with No. 3, the amount of the grant is limited to the amount of the eligible costs of the measures in accordance with Nos. 1 and 2.
- Funding for measures in accordance with No. 4 is provided in the form of a grant amounting to 60% of the total eligible costs.

Erforderliche Unterlagen

may, by way of exception, approve the early start of the project - if necessary for partial measures - if the financing of the project, including the grant to be approved, any pre-financing costs and follow-up costs, appears to be sufficiently secured, the measure has been objectively examined and the conditions for the grant have been met, subject to a final examination.

- The rental apartments should meet generally accepted housing standards.
- Funding may only be provided in locations with a significant, not merely temporary need for rental housing for the group of people defined in No. 9, sentences 1 and 2 of the guidelines for the municipal funding program for the creation of rental housing in Bavaria.
- In the case of measures pursuant to No. 3, the initial purchase of a residential building is only eligible for funding if the building permit for the building was issued after October 9, 2015 and the building has not yet been used for residential purposes. In the case of buildings that were constructed without planning permission, the building permit is replaced by the start of construction according to the notice of commencement of construction.

All Bavarian municipalities are eligible to apply. The municipalities must remain the owners of the subsidized residential buildings, but can commission third parties such as municipal or church housing companies to implement the measures (where necessary in compliance with public procurement law). It is not possible to pass on the funds to third parties, such as municipal housing companies. The municipalities can also implement projects in inter-municipal cooperation.

Kosten

There are no costs.

Verfahrensablauf

The funding application must be submitted to the responsible district government using the application form with the documents specified therein (e.g. planning basis, explanations, cost and financing plan). The government checks the conditions for funding and selects the measures within the framework of the budget funds made available to it. It carries out the
