Volltext	<p>Object and beneficiaries</p> <p>School authorities of private, state-recognized and state-approved secondary schools, grammar schools, Waldorf schools (from grade 5) and secondary schools receive a pension allowance for the teaching staff-related pension costs incurred for their teaching staff in the previous year.</p> <p>Type and amount</p> <p>The main basis for the calculation is the number of pupils on October 1, the resulting weekly teaching hours and the annual salary of a comparable, average state teacher.</p> <p>In the case of evening grammar schools and evening secondary schools, the amount of the pension subsidy is limited to the actual teaching staff-related pension expenses of the school authority in the previous year, which is why the calculated full pension subsidy may not be granted.</p>
