Teaser	The Free State of Bavaria supports lunchtime supervision groups in order to provide reliable care for children after the end of the school day.
Volltext	<p>Purpose</p> <p>Lunchtime supervision is run by the local authority or independent providers and guarantees reliable care for children after the scheduled end of lessons. It is a social and recreational educational childcare program.</p> <p>Object</p> <p>Lunchtime supervision does not replace the tasks of after-school care centers, day care centers associated with special schools and similar facilities. It is not a continuation or supplement to the curriculum, but it can be integrated into parts of school life. The range of childcare services depends on the staffing and equipment available.</p> <p>Recipient of funding</p> <p>The recipient of the grant is the provider of the school expenses or another independent provider.</p> <p>Type and amount</p> <p>For lunchtime childcare facilities, state subsidies of between EUR 4,456 and EUR 12,731 per group can be granted in the 2025/2026 school year, depending on the form of provision.</p>
