Sachverhalt

- up to EUR 100,000 per newly created place for short-term care, respite care and palliative care
- up to EUR 70,000 per newly created place for short-term living in facilities for children, adolescents and young adults with disabilities or adults with disabilities
- up to 60,000 euros per newly created place in outpatient assisted living communities and per newly created place for long-term care in facilities that are open to the local community
- up to 40,000 euros per newly created place for long-term care in facilities without access to the local social environment
- up to 25,000 euros per newly created place in day and night care facilities
- up to EUR 150,000 for spatially independent meeting places for people in need of care and people with dementia living at home, if their services particularly promote and maintain their quality of life and their ability to remain in their own homes and they can assume a guiding function, a networking function or the coordination of suitable services.

Conversion and modernization measures are generally funded through pro rata financing of up to 60 percent of the eligible expenditure. In the case of conversion and modernization measures for permanent care places in facilities that are not open to the local social environment, the grant amounts to up to 40 percent of the eligible expenditure as part of pro rata financing. Conversion and modernization measures can only be funded if it can be proven that the care place would otherwise be lost without replacement.

In total, a maximum of up to 90 percent of the eligible expenditure can be financed from grants or other third-party funds. The recipient of the grant must contribute at least 10 percent of the total eligible expenditure.

information on the aim and purpose of the project, the specific services, the planned structures of the respective project, the premises, the organization, staffing, staff deployment, staff qualifications, the involvement of civically engaged citizens and

- the structural (floor plan) planning has been completed,
- if the project sponsor is not also the operator of the facility, the funding granted must be taken into account as a reduction when calculating the rent or lease.

You will find the special conditions for the grant in section 2.2 of the funding guidelines (see "Legal basis"). Further information and explanations can be found on the website of the State Office for Care (see "Further links").

Verfahrensablauf

The funding application must be signed and submitted digitally (including all attachments) to the Bavarian State Office for Care. Only plans must be submitted in the original.

Decisions on all applications received within the deadline will be made at the discretion of the Bavarian State Office for Nursing Care and within the framework of the available budget funds, provided that the applications are for long-term care facilities in accordance with No. 2.2.6 and 2.2.7 or applications combined with long-term care. All other applications are processed after receipt by the Bavarian State Office for Nursing and decided within the scope of the available budget funds.

Since the 2025 financial year, a two-stage selection procedure has been carried out for long-term care facilities in accordance with No. 2.2.6 and 2.2.7 or applications combined with long-term care. If your project is shortlisted for a grant, further documents must be submitted in the second stage of the procedure.

Bearbeitungsdauer

Frist

The application deadline for funding applications is

Modul	Sachverhalt
	<p>October 31 of the respective previous year, provided that the applications are for long-term care facilities in accordance with No. 2.2.6 and 2.2.7 or applications combined with long-term care. All other applications must be submitted by October 31 of the current funding year at the latest. However, it is recommended to submit the application as soon as possible, as the available budget is limited. Applications under no. 2.2.1, 2.2.2, 2.2.4 and no. 2.2.5 will be given priority. For example, if you would like to submit an application for funding for the funding year 2026, the deadline for permanent care facilities in accordance with no. 2.2.6 and 2.2.7 or applications combined with permanent care is 31.10.2025. All other applications for funding can be submitted by October 31 of the current funding year at the latest. Projects that have already begun are excluded from funding.</p>
