Erforderliche Unterlagen

Please contact the Hamburg city cleaning service.

Voraussetzungen

When handing over bulky waste to recycling yards: Due to a legal change, Stadtreinigung Hamburg can no longer automatically assume the origin of the waste from a Hamburg private household based on the Hamburg (HH) license plate number. Please understand, therefore, that the Hamburg city cleaning service generally asks for proof, which you can produce, for example, by presenting your identity card or passport with a confirmation of registration. If you have any doubts about the origin of the waste, you may be asked to provide information about yourself and to sign a form, the so-called "tax declaration". You hereby guarantee that your waste comes from a private Hamburg household.
