Hinweise

In certain circumstances, a notification is not sufficient. You must apply for a permit instead. This is the case if the well is to be located in an allotment garden or a plot of land that is only used seasonally. the fountain is located in the garden of an apartment building the property is not only used for private purposes. the well is located in a water protection area. According to the Explosive Ordnance Ordinance of January 1, 2006 (Section 5), the property owner is obliged to carry out a survey when intervening in the building site. Therefore, you are responsible for clarifying the suspicion of explosive ordnance before construction begins, at your own expense. In addition, you or the company commissioned to drill the well must report the drilling via the online portal "Norddeutsche Bohranzeige". According to the Geology Data Act, this must be done at least two weeks before work begins.

Rechtsbehelf

This is a report by you. No legal remedy is provided.
