Volltext	If you live in a resident parking zone in Hamburg, you can apply for a resident parking permit for your car or motorcycle or a motor vehicle that you use permanently. The resident parking permit is only valid for a specific designated zone (Residents parking zone). A resident parking zone is a clearly defined area for which residents can apply for a resident parking permit for their vehicle. This permit exempts you from the maximum parking time and the parking fee in the area. If you use third-party vehicles, rental vehicles or company vehicles, you also have the option of applying for a resident parking permit. Rental vehicles and changing company vehicles must be clearly identifiable as such (name of the respective company). You can find out which resident parking zones there are in Hamburg under Links.
