Teaser	
Volltext	Areas suspected of being contaminated are, for example • Land of closed businesses or • Properties on which environmentally hazardous substances have been handled or • Properties of disused waste disposal facilities as well

Modul	Sachverhalt
	as • other properties on which waste has been treated, stored or deposited. The responsible authority maintains a register of contaminated sites in which areas suspected of being contaminated are registered. If you would like to find out whether your property is suspected of having contaminated sites, you can request information from the responsible authority.
Erforderliche Unterlagen	To provide information to people who are not the owners of the property in question, a power of attorney from the owner should be presented to shorten the process.
Voraussetzungen	No
Kosten	Fees and expenses may apply in accordance with the environmental fee schedule.
Verfahrensablauf	• You submit an application for information from the contaminated sites register to the responsible authority • The responsible authority will examine your application • You will receive a message as to whether the property in question is registered in the contaminated sites register and what information is recorded there. • You may pay a fee if applicable
Bearbeitungsdauer	Depending on the scope of the information requested, the processing time is 1 – 2 months from receipt of the complete application documents.
Frist	No
