Verfahrensablauf

The Hamburg Welcome Center for Professionals (HWCP) advises employers on the accelerated specialist procedure and the documents to be submitted. This also includes advice on family members to reunite with them in a timely manner. If the procedure is to be carried out, the authorized employer and the HWCP conclude a corresponding agreement. The HWCP acts as the central point of contact and mediator in the process. It initiates and monitors the approval process at the responsible body. In doing so, it informs the employer immediately of new developments and forwards the relevant letters. After completion of the recognition process, the HWCP advises the employer on how to proceed and, if necessary, obtains approval for employment from the Federal Employment Agency. The HWCP also checks the legal requirements for the intended purpose of stay and issues a preliminary approval if all requirements are met.
