	• the total weight exceed the legally permitted limits. You must have the permit and/or special authorization before you start your journey.
Erforderliche Unterlagen	• Description of the exact route • Information on dimensions, axle load and total weight • written disclaimer • If necessary: special permit according to Section 70 of the Road Traffic Licensing Regulations (StVZO), if not only the load deviates from the permissible dimensions, but also a special vehicle is used which does not comply with the Road Traffic Licensing Regulations (StVZO) even when unloaded Depending on the application, additional documents may be required. You can find out more from the responsible road traffic authority or by completing the online application.
Voraussetzungen	• Transport by rail or water is not an option for your shipment. • Suitable roads are available for your transport. • Your load cannot be divided into several transports. Special conditions apply if there are multiple parts.
Kosten	The fees for large-volume and heavy transport depend on the type and volume of the transport. The VEMAGS fee calculator helps you determine the fees that will probably be charged for the permit and approval notice. Please note the link included under "Links".
Verfahrensablauf	If you would like to apply online: • You submit the application and all required documents via the online portal. • If necessary, the authority may interview you for further information. • The responsible authority will examine your application and decide whether you can be granted permission or approval. • After the examination has been completed, you will receive the permit or approval or rejection as well as the fee notice via the online portal. In some cases, the
