| Handlungsgrundlage | § 87 Water Resources Act § 100 Hamburg Water Act Appendix 1, Section 3, No. 3.12 Environmental Fee Regulations |
| Teaser | The water book is a register of water rights. Anyone can view the water book. |
| Volltext | The water register is an official register, similar to the land register. You can view the water book. By viewing the water book you can obtain the following information in particular: granted permits and authorizations as well as rights and authorities, Planning approval decisions and planning approvals, water protection areas, risk areas designated flood plains |
| Erforderliche Unterlagen | You must submit a written request. The application can be informal. |
| Voraussetzungen | no |
| Kosten | Simply viewing the water book is free of charge. There is a cost of EUR 1.65 per page for the creation of excerpts. |
| Verfahrensablauf | You submit an informal, written request to the responsible authority to inspect the water record. The responsible authority will examine your application. You will be granted access or an extract will be provided to you. |
| Bearbeitungsdauer | Depending on the type and scope of your application, it may take 1-4 weeks until you can be granted access. |
| Frist | No |

| Hinweise | A separate water book is kept by the Hamburg Port Authority (HPA) for water rights in the port area (excluding discharges, withdrawals and groundwater). You can find out about the respective contents of the water books online in the metadata portal METAVER. If you wish to inspect documents that contain information about secret operating facilities and operating methods, this is only permitted with the consent of the person who has a legitimate interest in maintaining secrecy. |
| Rechtsbehelf | contradiction |
| Kurztext | Apply for information from the water book The water book is a directory of water management legal relationships related to bodies of water The water book also contains information on areas designated for water management, for example water protection areas, risk areas, flood areas Access to the water book is possible for everyone |
