Teaser	Would you like to be recognized as a test engineer for stability?
Volltext	You can apply for recognition as a test engineer for stability in the fields of solid construction, metal construction and/or timber construction. After successful recognition, you will complete the two-year candidate period, during which you will be supervised by the Testing Center for Stability. You will then receive recognition as a test engineer for stability.
Erforderliche Unterlagen	• Application form • CV • Testimonies • criminal record • Proof of place of business and any branches • Evidence of special requirements (see PVO §10 point 2.) According to the PVO, the application must contain the following documents, among others:
Voraussetzungen	
Kosten	Gebühr: 474€ EUR 474 per subject for recognition.
Verfahrensablauf	The procedure is listed on our website in the "Information sheet on the recognition of test engineers". After a successful recognition process, a two-year candidate period follows. During this time, the engineers to be examined are supervised by the testing center for stability. With the successful completion of the candidate period, recognition as a test engineer takes place.
Bearbeitungsdauer	The recognition process takes about 3 months.
