Handlungsgrundlage	<p>[§ 14 paragraph 2 Radiation Protection Act (StrlSchG)](https://www.gesetze-im-internet.de/strlschg/StrlSchG.pdf)</p> <p>[§ 123 Radiation Protection Ordinance (StrlSchV)](https://www.gesetze-im-internet.de/strlschv_2018/StrlSchV.pdf)</p>
Teaser	<p>If you want to use an X-ray device for teleradiology, you need a permit.</p> <p>If you want to make changes to an X-ray facility for teleradiology, you also need approval.</p>
Volltext	<p>To operate an X-ray facility for the purpose of teleradiology, you require approval from the responsible authority.</p> <p>If you want to make significant changes to the facility, you will also need permission.</p> <p>Examples of other significant changes include:</p> <ul style="list-style-type: none"> • a change of room • a change of the image receiver • structural changes to the room <p>Any changes to the radiation protection officer's personnel must also be reported again.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • Written application for approval signed by the radiation protection officer

Modul

Sachverhalt

- Description of the X-ray equipment and, if applicable, expert test report
- Appointments of the required number of radiation protection officers
- Proof of the required expertise of teleradiologists and radiation protection officers
- Proof of the knowledge of local doctors
- Proof of the technical expertise of the persons carrying out the work
- Overall concept for teleradiology operations
- Acceptance of the teleradiology line and components

Voraussetzungen

- They have the necessary reliability and expertise in radiation protection.
- The necessary number of radiation protection officers have been appointed and the necessary powers granted.
- Other persons working there have the necessary knowledge and skills with regard to the possible radiation hazards and the protective measures to be applied.
- The necessary personnel is available.
- They have the necessary equipment and have taken the necessary measures.
- It is a justified type of activity according to a legal regulation or there are no significant doubts as to the justification of the type of activity.
- There are no other public law provisions to the contrary.
- You or the person responsible for radiation protection are permitted to practice medicine or dentistry.
- You may involve a medical physics expert to closely collaborate in your treatment.
- The necessary equipment is available and the necessary measures have been taken to ensure that the quality required for the application is achieved.
- The availability of the teleradiologist during the examination is guaranteed.
- The technical implementation is carried out by a person with the necessary expertise in radiation protection and the authorization to technically carry out the examination in teleradiology.
- A doctor with the necessary knowledge of radiation

Modul	Sachverhalt
	<p>protection is present at the technical implementation site.</p> <ul style="list-style-type: none"> • An overall concept for teleradiology operations is available, which • ensures the required availability of the teleradiology system. • enables the teleradiologist to be personally present at the location of the technical implementation within a period of time necessary for emergency care; in justified cases, another doctor who has the necessary expertise in radiation protection can also be personally present. • Regular and close integration of the teleradiologist into the clinical operations of the radiation protection officer is ensured.
Kosten	<p>The granting or refusal of the permit is subject to a fee. The fees are calculated according to the time spent in accordance with Section 2 of the Hamburg Fee Schedule.</p>
Verfahrensablauf	<ul style="list-style-type: none"> • You submit an application for approval or an application for a significant change to an existing approval. • You add all necessary documents. • If the documents or information required for processing are incomplete, you will be contacted by the processing department. • If the requirements for approval are met, you will receive approval. • The approval will be sent to you by post. • You will receive the fee notice by separate mail.
Bearbeitungsdauer	<p>If all documents are available, processing normally takes 4 weeks.</p>
Frist	<p>You need the permit before you start carrying out the activity. The permit is limited to a maximum of 5 years.</p>
