Would you like to work as a health and pediatric nurse in Germany? Then you need a state permit. You can have your foreign professional qualification recognised.

Volltext

The profession of health and pediatric nurse is regulated in Germany. This means: In order to be able to work as a health and pediatric nurse in Germany, you need a state permit. With the permit, you may use the professional title "health and pediatric nurse" or "health and pediatric nurse" and work in the profession.

Even with a professional qualification from a so-called third country, you can obtain a state permit from the competent authority in Germany. Third countries are all countries that do not belong to the European Union (EU), the European Economic Area (EEA) or Switzerland. In order to obtain the permit, you must have your foreign professional qualification recognised.

Nursing training in Germany was reformed on January 1, 2020 and the new Nursing Professions Act applies. The profession based on this is called "nursing specialist" or "nursing specialist" and is new. There is a transitional period for the recognition of foreign professional qualifications based on the Nursing Act. Until December 31, 2024, foreign professional qualifications may still be temporarily recognized as a health and pediatric nurse. The competent authority will advise you.

In the recognition procedure, the competent authority compares your professional qualification from abroad with the German professional qualification and checks the equivalence. The equivalence of the professional qualification is an important prerequisite for the granting of the state permit. In addition to the equivalence of the professional qualification, you must also meet other requirements for the granting of the permit. Other requirements are e.g. B. sufficient German language skills and health suitability.

If your professional qualification comes from the EU, the EEA or Switzerland, different regulations apply. You can also apply for the procedure from abroad.

Verfahrensablauf

****application****

You compile your documents using the leaflet that you can find on our website or that you have received from us. Submit the documents together with the application in the required form.

****equivalence test****

The competent authority will then check whether you meet all the requirements. An important prerequisite is the equivalence of your professional qualification. The competent authority compares your professional qualification from abroad with the German professional qualification as a health and pediatric nurse. The professional qualification is equivalent if there are no significant differences between your foreign professional qualification and the German professional qualification.

****Possible results of the test****

If there is equivalence, submit proof of your health,
