Verfahrensablauf

You can send applications for housing benefit to the housing benefit office responsible for you. It is sufficient to submit the application in writing - personal visits are not necessary.
After processing you will receive a notification.
The housing benefit is usually granted for twelve months

Bearbeitungsdauer

The application will be decided immediately. The processing time depends, among other things, on the completeness of the information and the submission of the evidence required for processing the application. However, due to the large number of new applications for housing benefit expected in January 2023, it may take some time to process your application. Possibly longer processing times are not at your expense: for periods after receipt of the application, housing benefit can also be paid out retrospectively.
