Handlungsgrundlage	Section 7 paragraph 1 12th Federal Immission Control Ordinance (12th BImSchV) - Major Accident Ordinance https://www.gesetze-im-internet.de/bimschv_12_2000/__7.html
Teaser	Do you want to change an operating area according to the Major Accident Ordinance or a facility in the operating area that is relevant to major accidents? Then you must notify the responsible authority.
Volltext	If you want to change an operating area according to the Major Accident Ordinance or a system in the operating area that is relevant to a major accident, you must notify the responsible authority in advance. This also applies to the cessation of operations, the operating area or a system in the operating area. Your notification must contain specific information about the planned incident-relevant change. You do not need to make a separate notification if you have already provided the information in an approval or notification procedure.
Erforderliche Unterlagen	Submit the complete advertisement with all required information.
Voraussetzungen	You would like to make a change relevant to a major accident in an operating area in accordance with the Major Accident Ordinance or to a facility in the

Modul	Sachverhalt
	operating area.
Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	You submit the complete notification in writing to the responsible authority. The responsible authority will examine your report. If necessary, the responsible authority will request further documents or information from you.
Bearbeitungsdauer	There is no statutory processing time.
Frist	You must submit the notification to the competent authority at least one month before the change relevant to the incident occurs.
weiterführende Informationen	
Hinweise	You are committing an administrative offence if you do not report a planned change to the operating area or a facility in the operating area that is relevant to a major accident, or if you do not report it correctly, completely, in the prescribed manner or in a timely manner.
Rechtsbehelf	This is a complaint filed by you. No legal remedy is provided.
Kurztext	Display incident-relevant changes to an operating area in advance Notification is required if the operating area or a system within the operating area is to be changed in a way that is relevant to an incident or if the operation of the operating area or a system within the operating area is to be discontinued. Notification is not required if the information was submitted as part of an approval or notification procedure
