Teaser	If you, as a qualified person, want to carry out investigations into wastewater pretreatment plants, you must first apply for authorization.
Volltext	A wastewater pre-treatment plant is a plant that treats wastewater before it is released into the environment. If you, as a competent person, want to inspect wastewater pre-treatment plants to ensure that they comply with the applicable requirements, you must apply for a permit. You must apply for the permit from the competent authority. Only once you have the permit can you start carrying out inspections.
