If a business is to be relocated or the subject matter of the business is to be changed or expanded, or a change of name is to be made, a business re-registration is required.

Volltext

A trade re-registration at the competent trade registration office is always necessary if an independent registered business of a standing trade, a branch or a dependent branch either

- relocates the business (new address) or

- changes the name (the current operator changes his name due to e.g. marriage or in case of legal entities change of name in the Commercial Register. No change of operator).

The trade re-registration complies with the obligation to notify the transfer of the registered office or the change of the subject of a trade from the point of view of trade law.
