Teaser	Processing status of the tax return / duration of processing
Volltext	Tax returns are generally processed in the order in which they are received. Depending on the tax case, there are complex and less complex issues, so that no general statement can be made about the processing status of a tax return. How long does the processing take? The processing time depends on how many tax returns are submitted at any one time or within a given period. An increased volume of returns and therefore a longer processing time at the tax offices is to be expected, particularly on the statutory submission deadlines. Statutory filing deadlines for citizens without tax advice: Taxation period Filing deadline 2021 01.11.2022 2022 02.10.2023 2023 02.09.2024 2024 31.07.2025 2025 31.07.2026 Statutory filing deadlines for citizens with tax advice: Taxation period Filing deadline 2021 31.08.2023 2022 31.07.2024 2023 02.06.2025 2024 30.04.2026 2025 01.03.2027 In addition, different work statuses may occur in the individual work areas of the tax offices, for example due to sickness or vacation-related absences. The date given is therefore only a guideline for the current processing of incoming returns. The individual processing of your tax return may deviate from this, i.e. it may take place earlier or later. Bremen tax office
