Volltext	"A grant of benefits under SGB XII can be made for persons, • who are in need of care and • have been assigned at least care level 2 after the need for care has been determined, and • the personal contribution for a care facility (short-term care or long-term care) cannot be raised from their own income and assets."
Erforderliche Unterlagen	• Identity card or passport • Income, asset and debit documents Income, asset and debit documents please enclose a copy of the questionnaire (if possible from the last 12 months, for self-employed persons from the last three years) • Registration confirmation
Voraussetzungen	The benefits according to SGB XII depend on the amount of income and assets of the applicant and his partner in the household. Statements on the use of income and assets are individually designed and therefore require consultation. Benefits of the assistance for care according to the SGB XII are subordinate to similar benefits according to other legal regulations (e.g. benefits of the social care insurance according to the 11th book of the Social Code XI).

Bearbeitungsdauer	Processing can take up to 6 months.
Frist	The benefit kicks in when the competent social centre becomes aware of the need for assistance with care. This can be done both by notification from the home institution and by sending a written application.
