Teaser	The Traffic Monitoring Department regularly auctions off vehicles without registration.
Volltext	If the owner is no longer interested in his or her vehicle, the municipality acquires ownership after 6 weeks. Vehicles considered lost property are either disposed of or released for auction. Items acquired at the auction belong definitively to the purchaser. Possible ownership rights to vehicles can only be asserted before the auction; it is no longer possible to declare ownership during the auction. Unfortunately, it is not possible to pay by EC card at the auction. Auctioned vehicles will only be handed over in exchange for cash and must be taken away immediately. Dates will be announced in the daily press and here.
Erforderliche Unterlagen	No documents required.
Voraussetzungen	• Vehicles without registration • No one has claimed ownership within 6 weeks • Auctioned items will only be handed over against cash. No further fees will be charged.
