If you think that your marriage is not legal, you can apply for annulment of your marriage.

Volltext

A marriage can be annulled under certain conditions, e.g. if you were a minor or legally incapacitated when you got married, you were in a state of unconsciousness or temporary mental disturbance when you got married, you were fraudulently deceived, you were unlawfully threatened or you did not know that it was a marriage.

To apply to the competent local court - family court - please contact a lawyer. In the court proceedings, it is examined whether there are grounds for annulment. Under certain circumstances, the annulment of the marriage is nevertheless excluded. This would be the case if you indicate that you wish to continue the marriage. If, for example, you were not yet 18 years old when you married and now indicate as an adult that you want to continue the marriage, the marriage will continue.
