Teaser	You can no longer pay the parental contribution for your child? Do you receive social benefits? Check whether either a reduction or a waiver of the costs is possible for you.
Volltext	The parental contribution is an annual fee that should be set before the beginning of the current kindergarten year in a legally secure way for the parents. If their income or personal situation changes significantly during the current daycare year, they can apply for a recalculation of the parental contribution. This can be the case, for example, due to the loss of a job, birth of a child or separation. The amount of the financial burden is calculated according to your income. Upon request, the costs can be reduced or waived.
Erforderliche Unterlagen	• Proof of income Of all persons of the household belonging to the income community (mostly the parents). • If applicable: evidence of public services • If applicable: Bremen passport • If applicable: contribution notice for sibling children
Voraussetzungen	• Your child attends a daycare center. • The financial burden is not reasonable for you and the child.

Kosten	The amount of parental contributions can be found in the Local Law on Contributions for Kindergartens and After-School Care Centers of the Municipality of Bremen.
Verfahrensablauf	Parental contributions are calculated by two different responsible bodies: • If your child is cared for in a daycare center run by "KiTa Bremen" or by independent providers (for example, the churches), the "Kita-Beitragsservice" is responsible for you. • If your child is cared for in a daycare center, a parents' association or a private commercial facility, the "Elternbeitragsstelle" is responsible. Contact the responsible office. Submit the application together with the requested documents. After the calculation you will receive the new notice.
