Volltext

The Youth Music School is intended to offer all children, young people and parents of music students in Bremerhaven an opportunity to actively engage with music within the framework of general educational tasks. It should awaken a love of music, promote an understanding of music, and guide learning and music-making according to pedagogical and musical principles. The musical education acquired at an early age should provide a meaningful occupation for later life.

Our goal is to awaken the joy of making music and to help students develop their own technical, musical and stylistic performance skills.

Our task is to impart a comprehensive, basic musical education, to prepare young people for amateur and enthusiast music-making, to promote gifted students and to provide pre-professional specialized training.

The Youth Music School with its office and 11 classrooms is located at Grazer Straße 61 in Bremerhaven. In addition, classes are offered at 13 other locations from Leherheide to Grünhöfe. This means that young students can generally be offered lessons at locations within a short distance of their place of residence.

The lessons offered by the Jugendmusikschule are based on 4 core areas:

- Elementary music education (for infants from 9 months and children from 2 ½ - 6 years of age) with 5 different types of offerings based on age.
- Instrumental/Vocal Lessons: offerings for all solo - and orchestral instruments 30 or 45 minute private
