The registration of residence takes place in the following 4 phases:

1. You provide the information about your new home. We will then send you a code by post to your new address.
2. You use the code to confirm that you are moving in. You simply enter it in the online service.
3. Your electronic registration confirmation is available in the online service and you update the address saved on your ID card. A sticker will then be sent for your ID card.
4. The new address sticker will arrive by post. All you have to do is stick it on your ID card. Everything is now up to date.

You will need around 10-15 minutes to compare and enter your data. We need about 5 minutes on the next working day to confirm your new place of residence and digitally update your ID card data. In addition, the code and address label will be sent by post (usually 3-5 days each).

Frist

Two weeks after moving into the new residence. Timely registration of the change of address is sufficient to meet the deadline.
